

This map could not have been created without the generous support of our donors and the hard work of digital volunteers from GISCorps, Standby Task Force, HOTOSM, MapAction and Digital Humanitarian Network

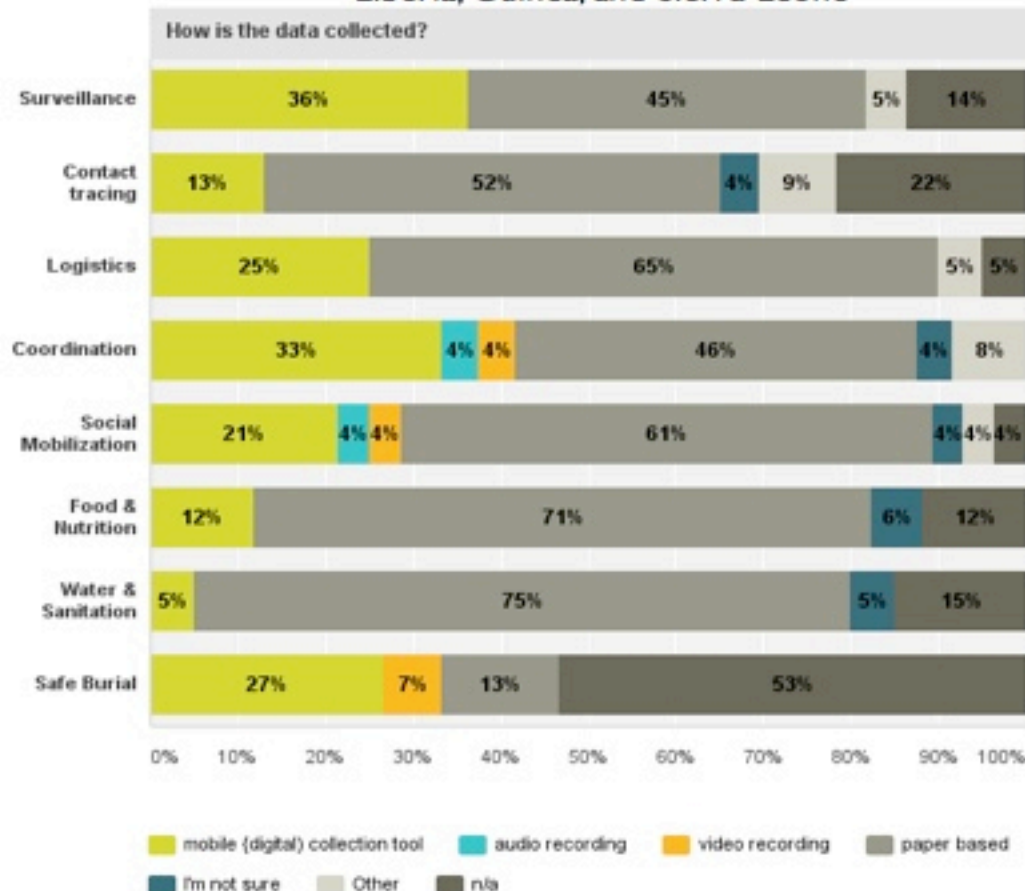

These findings are a result of a NetHope connectivity and data collection survey from November and December of 2014. 37 responding organizations across 3 affected countries responded. The map was created with the support of GISCorps.

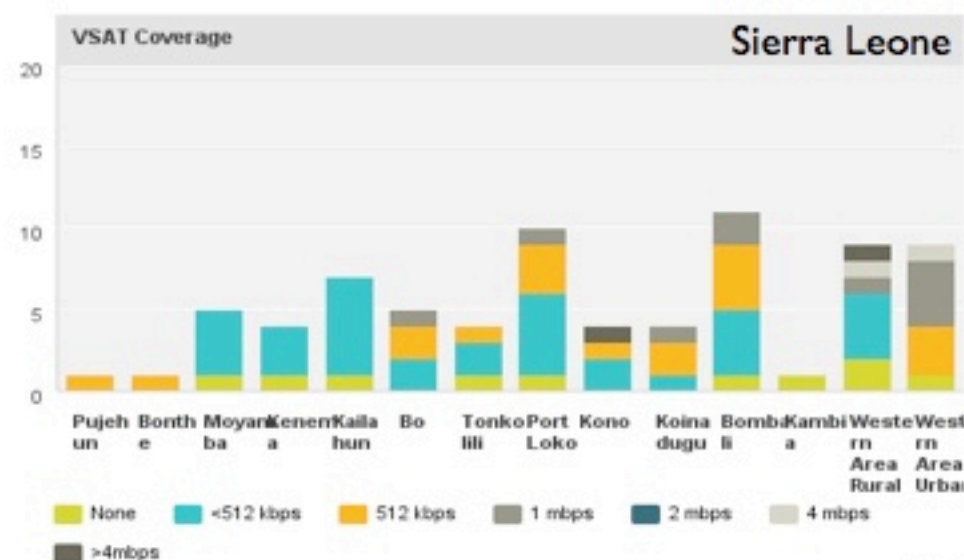

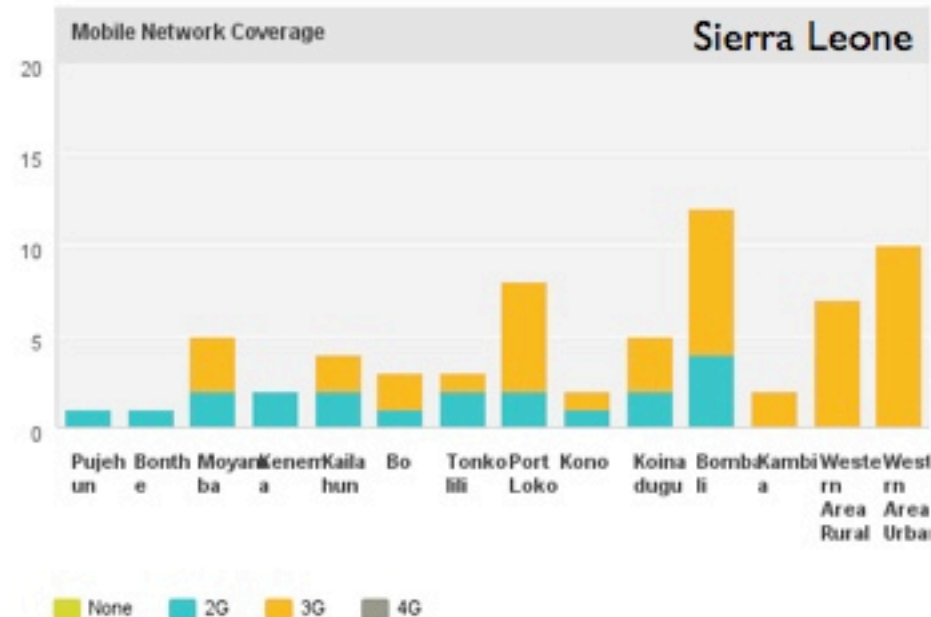

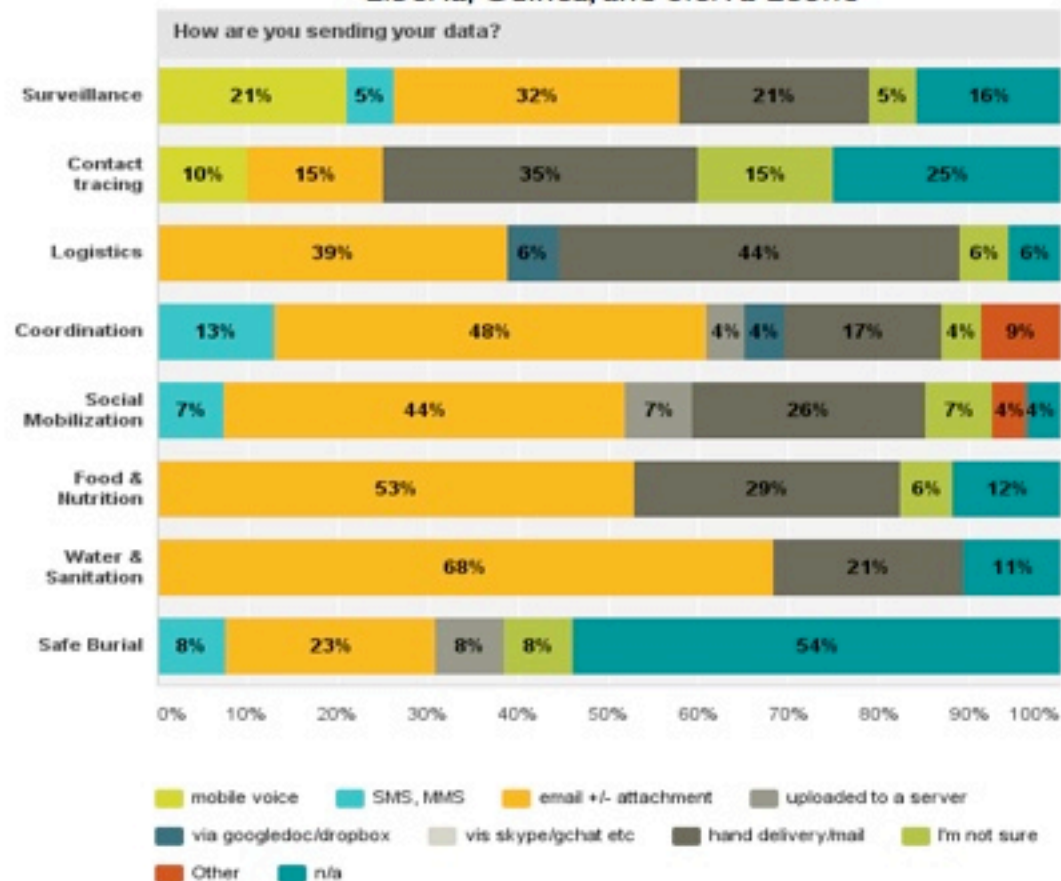

# What types of data are being collected?

Liberia, Guinea, and Sierra Leone

## How are data being transferred?

Liberia, Guinea, and Sierra Leone

Answered: 34 Skipped: 3

## Mobile Data Collection Use Liberia, Guinea and Sierra Leone
