

## Sierra Leone: Bombali

### ICT Requests

December 18, 2014

This map shows the location of Information Communication Technology (ICT) connectivity requests in Sierra Leone in relation to Ebola Care Facility (ECF) locations and potential GSM (2G) mobile coverage.

Mobile coverage that has been submitted up to and including Nov 2014. Operators are asked to submit strong ( $\geq -92$ dBm) and variable ( $\geq -100$ dBm and  $< -92$ dBm) signal strengths as part of their submissions. The data here includes both types but does not make a distinction between the two.
